PROFILE

As a passionate full-stack developer, I have a strong drive to constantly learn and grow. With excellent self-learning abilities, I keep up-to-date with the latest technologies and trends in the industry. I thrive on new challenges and seek opportunities to make a meaningful impact in a dynamic technology company.

SKILLS

HTML, CSS

Javascript, TypeScript

React.js, Next.js

Redux, Context API

Node.js, Express.js, Apollo

MongoDB, Mongoose

REST API, GraphQL API

MUI, Styled-Components, Tailwind

GIT

Java

EDUCATION

Web Development

Self Educated

2020 – 2022

I have pursued self-directed learning through a variety of resources, including Udemy, YouTube, Stack Overflow, documentation for various libraries, and personal Discord groups

Highschool Diploma

Multidisciplinary School of Sciences and Arts - "AMAL"

2012 – 2018

Elementary School

Nitsanim

2006 – 2012

PROJECTS

Sneakers Shop [↗](#)

This sample web app showcases an E-commerce website built using the MERN stack.

The front-end utilizes React, Redux, Styled Components and Apollo, while the back-end is powered by Node.js, Express.js, GraphQL and MongoDB. Check out the project's GitHub repository to explore the code, or visit the website URL to see the app in action.
